## London Gay Men's Group

*Helping one another in a good  
humoured, non-judgemental  
environment.*

## Support | Advice | Friendship

We are a group of gay HIV positive men  
living in and around London.

Meeting in Soho on Monday evenings,  
the group provides peer-led discussions  
and non-judgemental support in a confidential  
environment, where members are comfortable  
offering advice and friendship to one another.

We also invite guest speakers,  
hold regular social events and other activities in  
and around London.

We look forward to welcoming you to our group,  
please visit our website for more details.
